### PRECAUTIONS BEFORE ASSEMBLY

- ① All screws are assembled in one toolkit, and you can get them in the accessory bag.
- ② When assembling the backrest, lightly tighten the screws on one side, then attach the screws on the other side, and finally tighten the screws on both sides. If you tighten one side firmly at first, it will tilt.
- ③ Tighten all screws at the end.
- ④ USB adapter is not included. Power can be supplied from the USB port of a computer, smartphone adapter, game console, etc.
