

DECOROTIKA

Manhattan Tv Stand 1500

assembly guide

Before starting, please check all components and accessories according to the provided list. If you purchased more than one product, to prevent confusion, be sure that you completed the first product, then start the next one. Please make sure that you select correct numbered part and use specific connector to assemble. We do not recommend any modification or rotation in assembly. Please follow the manual carefully.

Furniture parts are going to several manufacturing procedures. During this process, parts can have little dust or marks. Please clean the parts with damp cloth before assembly to get the best result. Usual cleaning would be suffice.

Valued Customer,

We design and carefully manufacture our products for our customers, We wish that our customers to have fun while they are doing their new furniture

The product you just purchased was subjected to all sorts of tests and controls before sending out to you.

Hope you enjoy your new furniture!!!

Although all products are carefully manufactured and packed, sometimes we experience damage during transportation. In such cases, please check the damaged part, note the part number written on the part and do not hesitate to contact us

Do not use your furniture for out of purposes. If you would like to use it out of purpose or would like to do some modification or rotation, please contact us for more details.

Please do not expose your furniture with excessive heat, cold and humidity because product can be affected negatively.

getting familiar with the main components

*Minifix is the main connection component used in Decorotika products. Before starting, please check the below figures

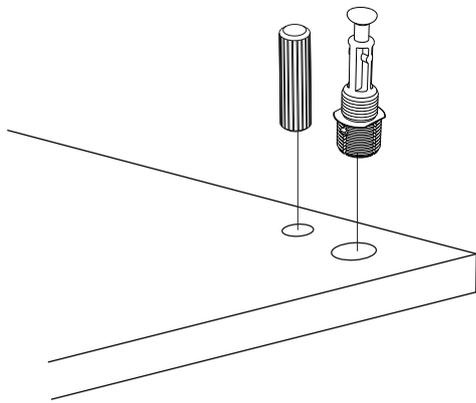

MINIFIX HEAD

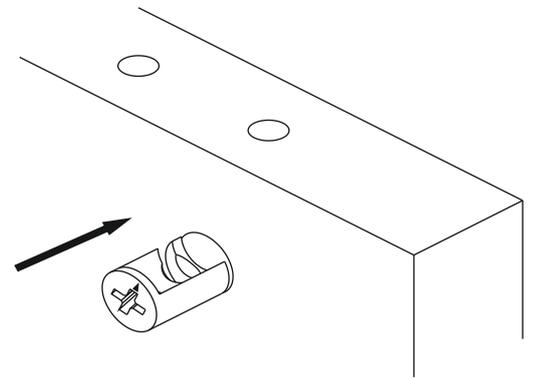

MINIFIX SCREW

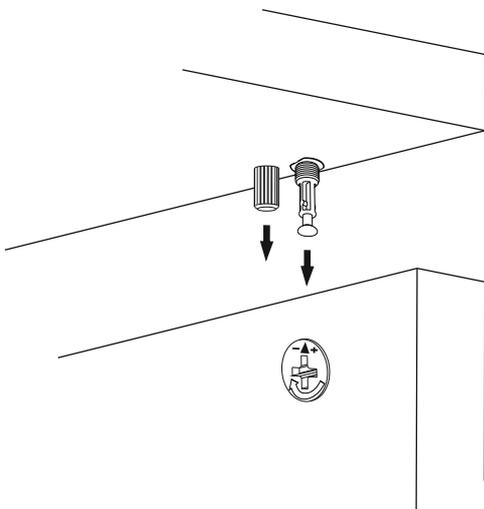

DOWEL

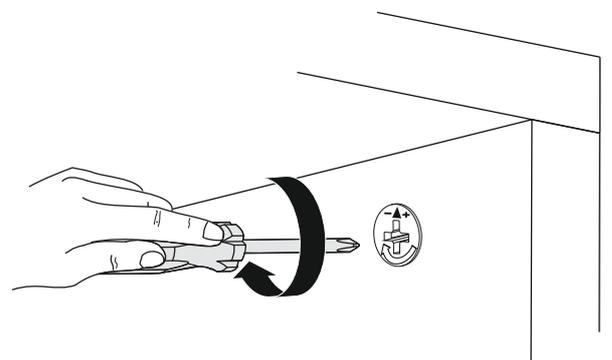

*Please notice that there is an small arrow on A02 (minifix head). This arrow should show the direction of upper hole.

*After attaching two pieces please turn the A02 (minifix head) clockwise direction with the help of a screwdriver.

*Please do not over screw the minifix head since it may be broken if too much power is imposed. Just make sure that it is screwed to the direction “+” do not go any further.

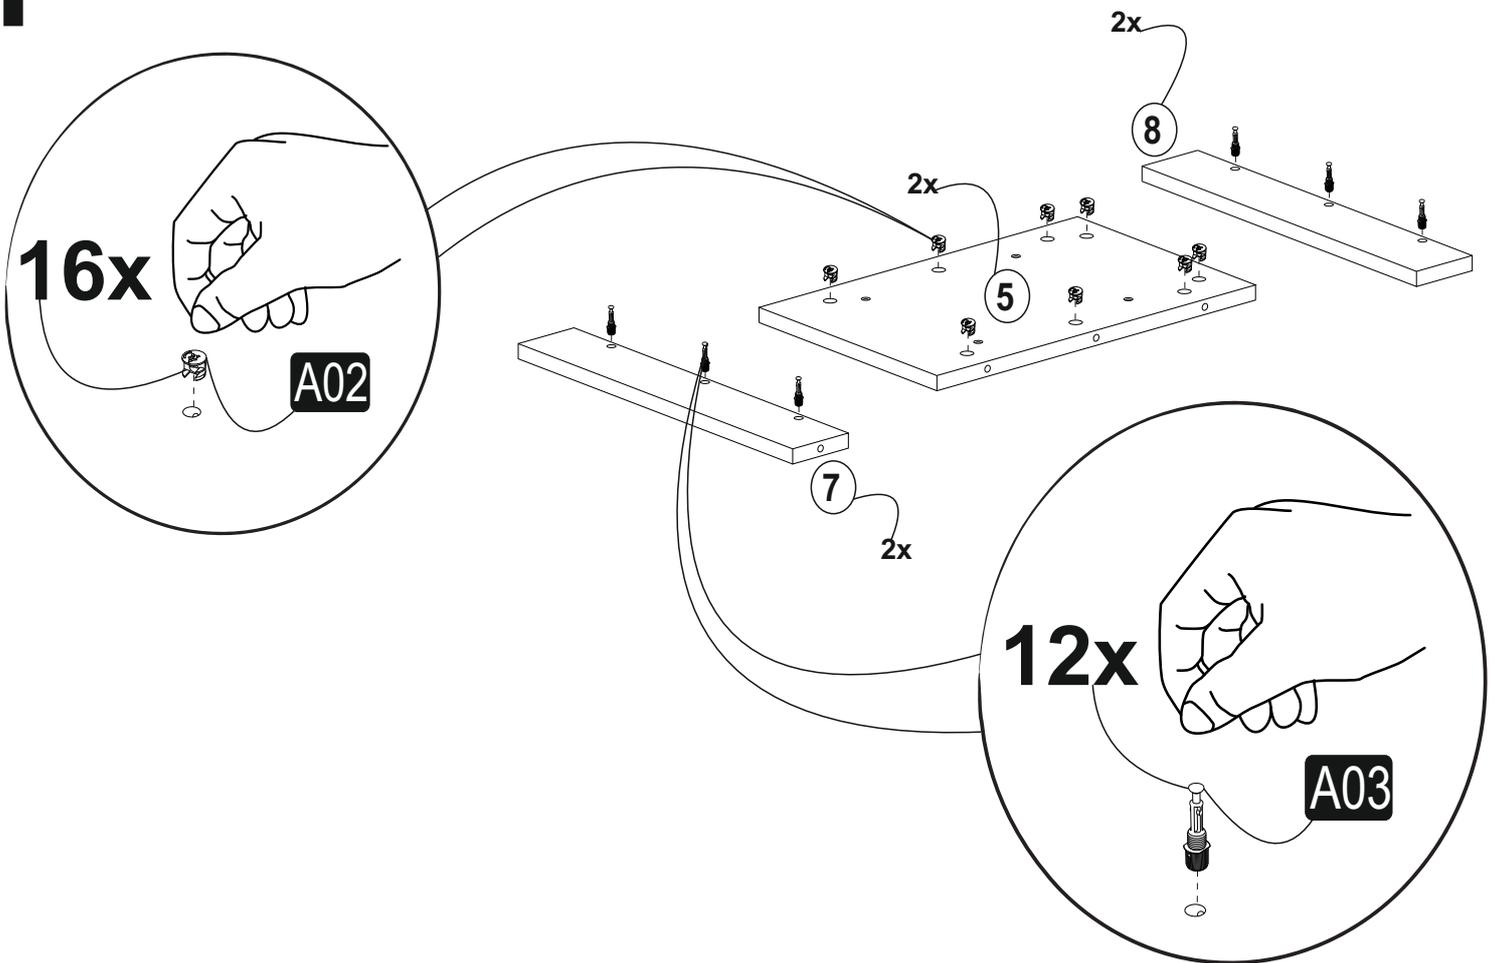

step a

1 *Please insert A03(minifix screw) into the holes on the piece #7 and #8 as shown below

*Please insert A02 (minifix head) into the holes on the pieces #5 as shown below.

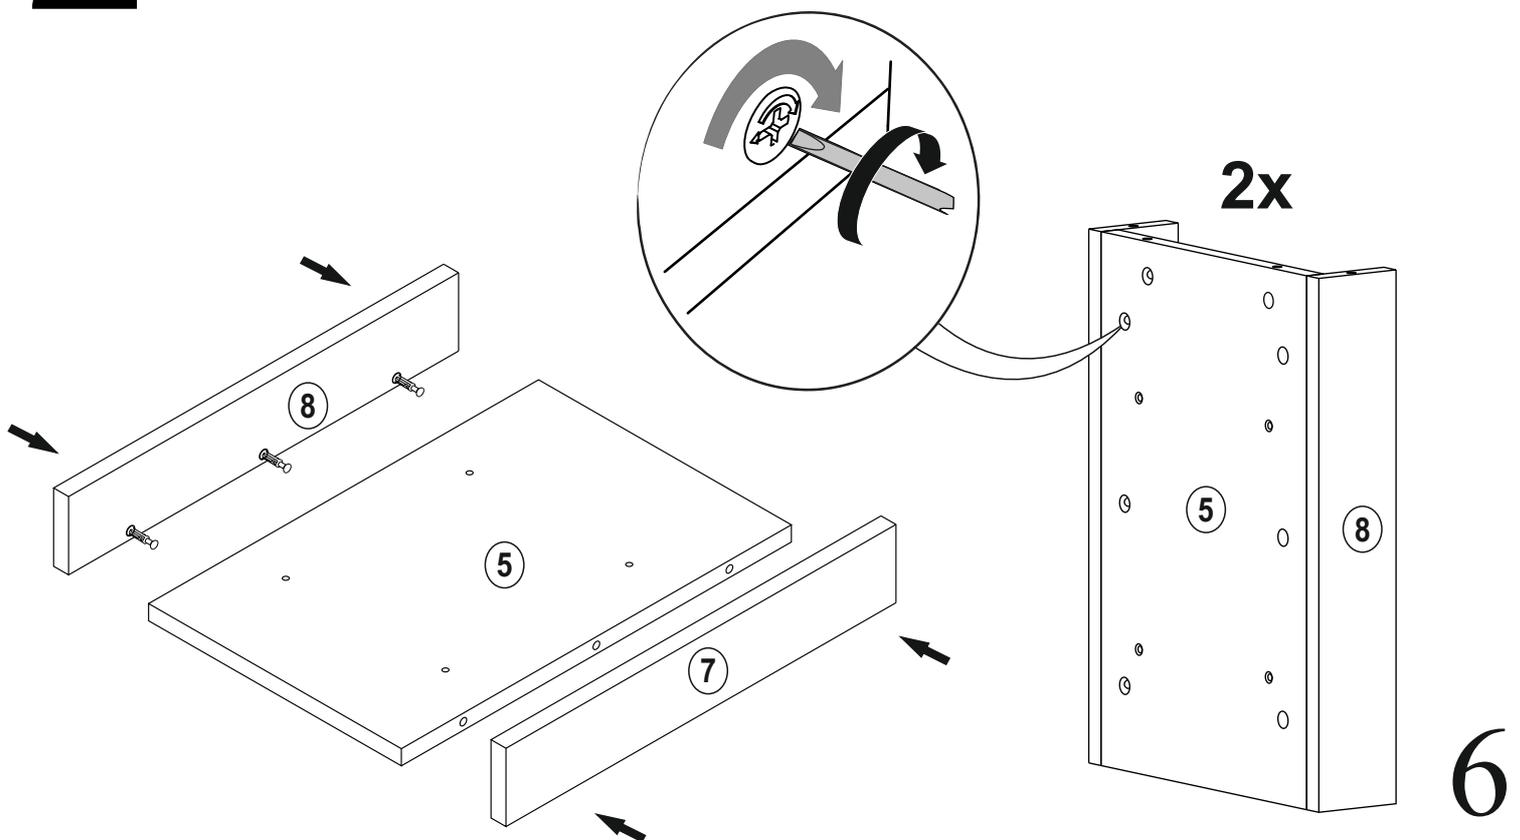

*Make sure that all arrows on A02 (minifix head) are in correct direction

step b

2 *Please attach the piece #5 between the pieces #7 and #8 as shown below

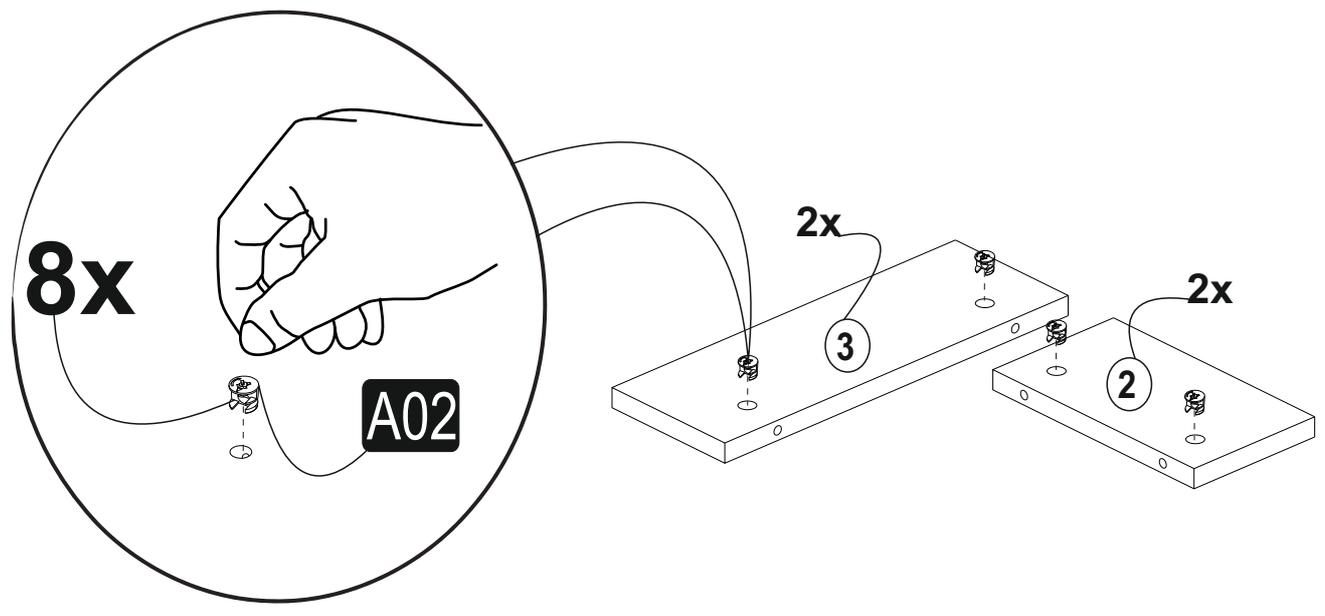

*Now screw the A02(minifix head) clockwise direction with the help of screwdriver

3 step c

*Please insert A02 (minifix head) into the holes on the pieces #2 and #3 as shown below

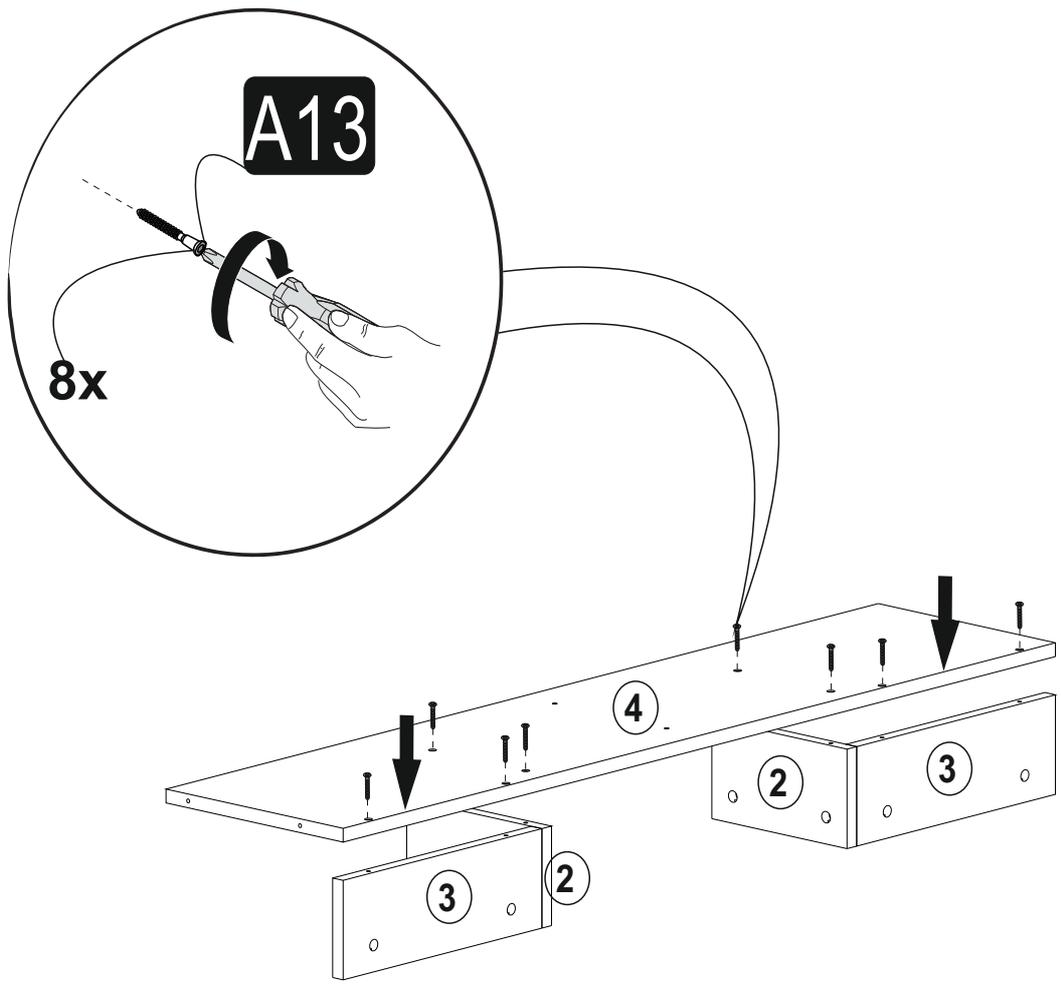

*Make sure that all the arrows on A02 (minifix head) are in correct direction

4 step d

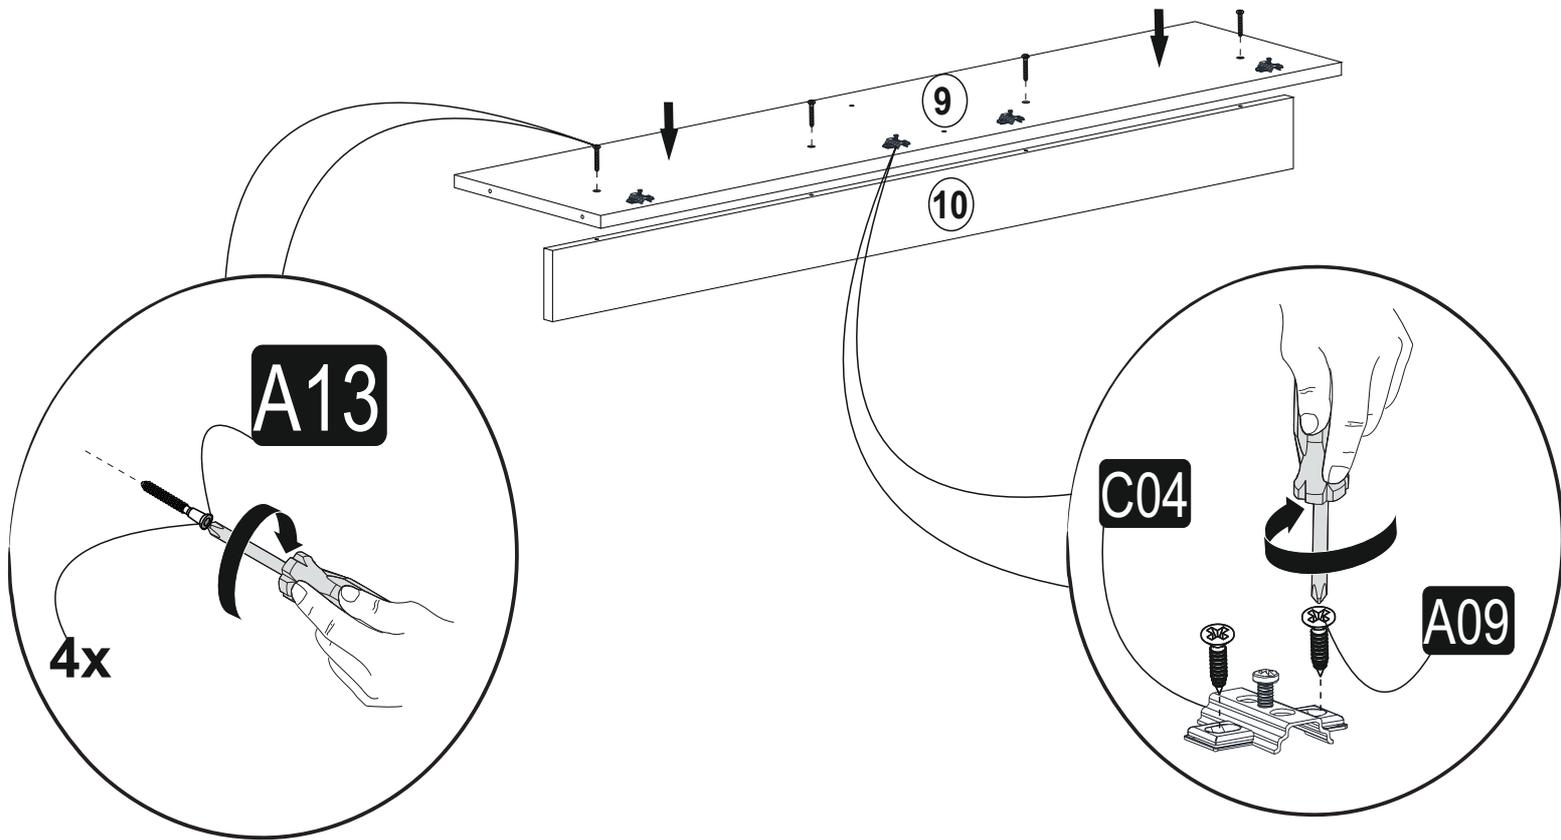

*Please attach the pieces #2 and #3 to the piece #4 as shown below

*Now screw the A13 (50 mm screw) clockwise direction with the help of screwdriver.

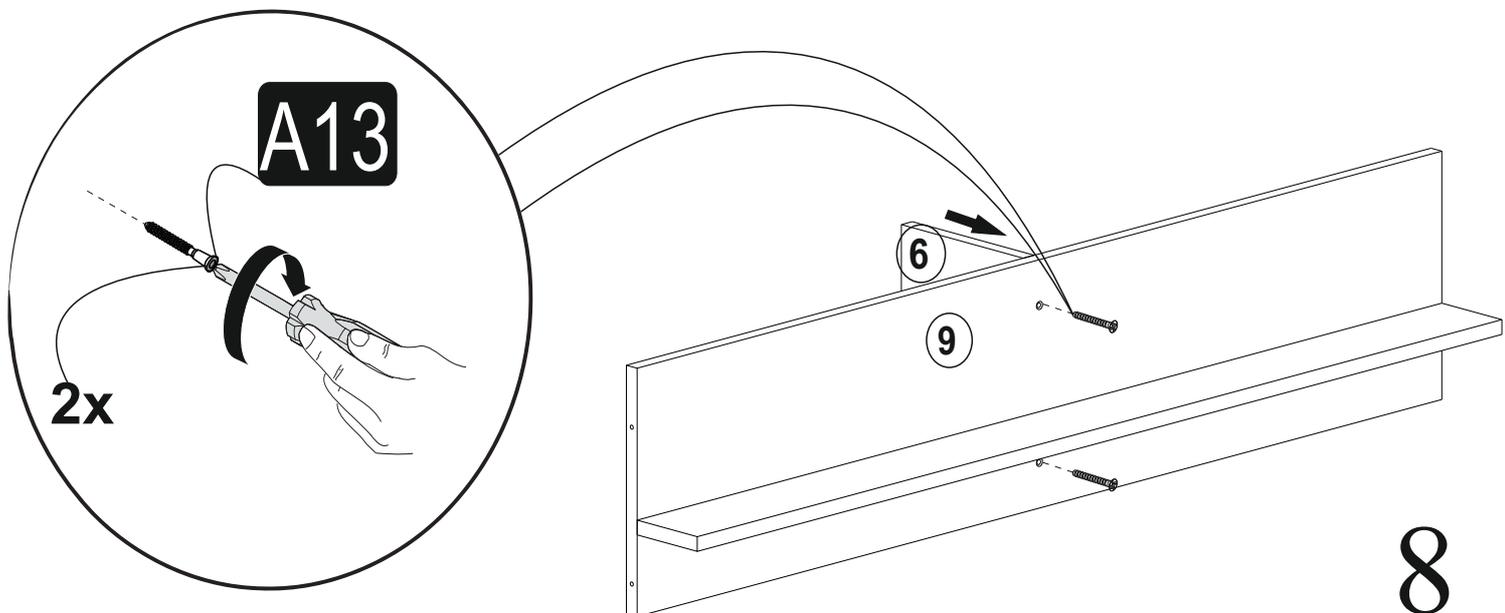

5 step e

- *Please put all the C04 (pivot) the way that they will fit the pre-drilled holes on the piece #9
- *Now take A09 (3.5x18 screw) and put them on pre-drilled holes then turn them all with screwdriver
- *Please attach the piece #10 to the piece #9 as shown below
- *Now screw the A13 (50 mm screw) clockwise direction with the help of screwdriver.

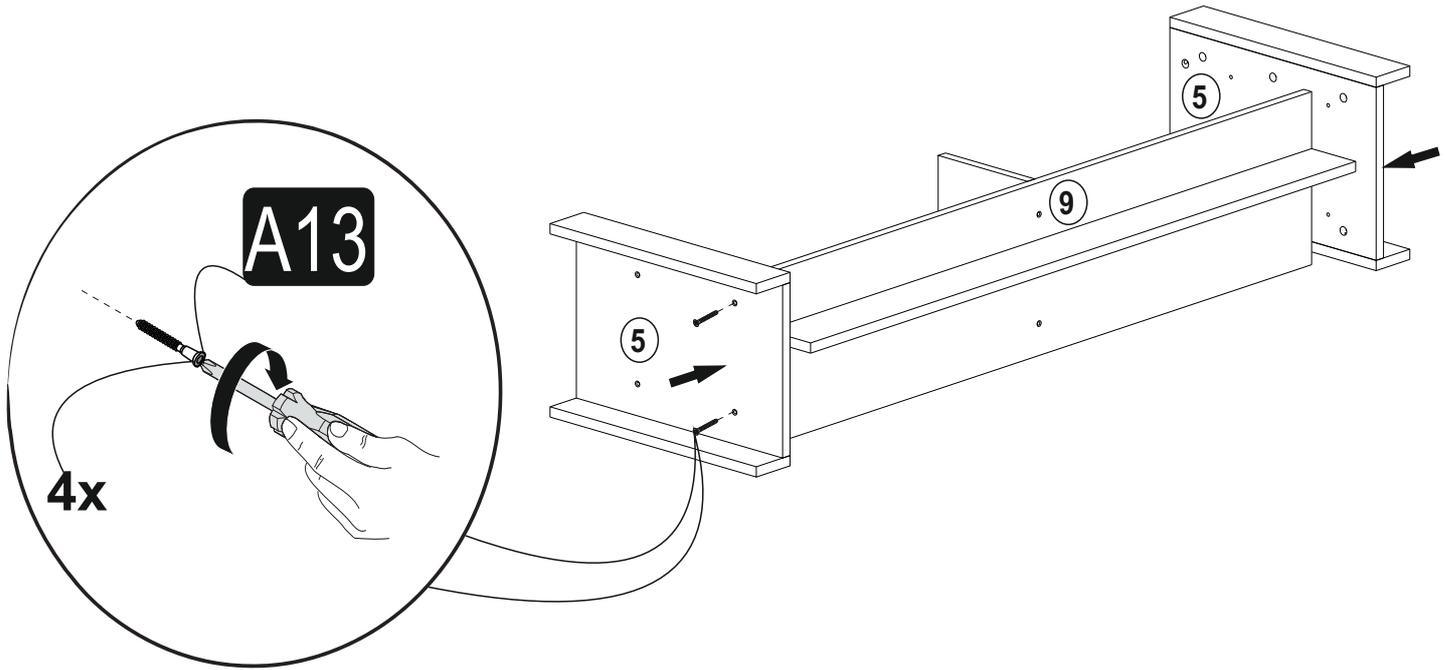

6 step f

- *Please attach the pieces #6 onto the piece #9 as shown below
- *Now screw the A13 (50 mm screw) clockwise direction with the help of screwdriver.

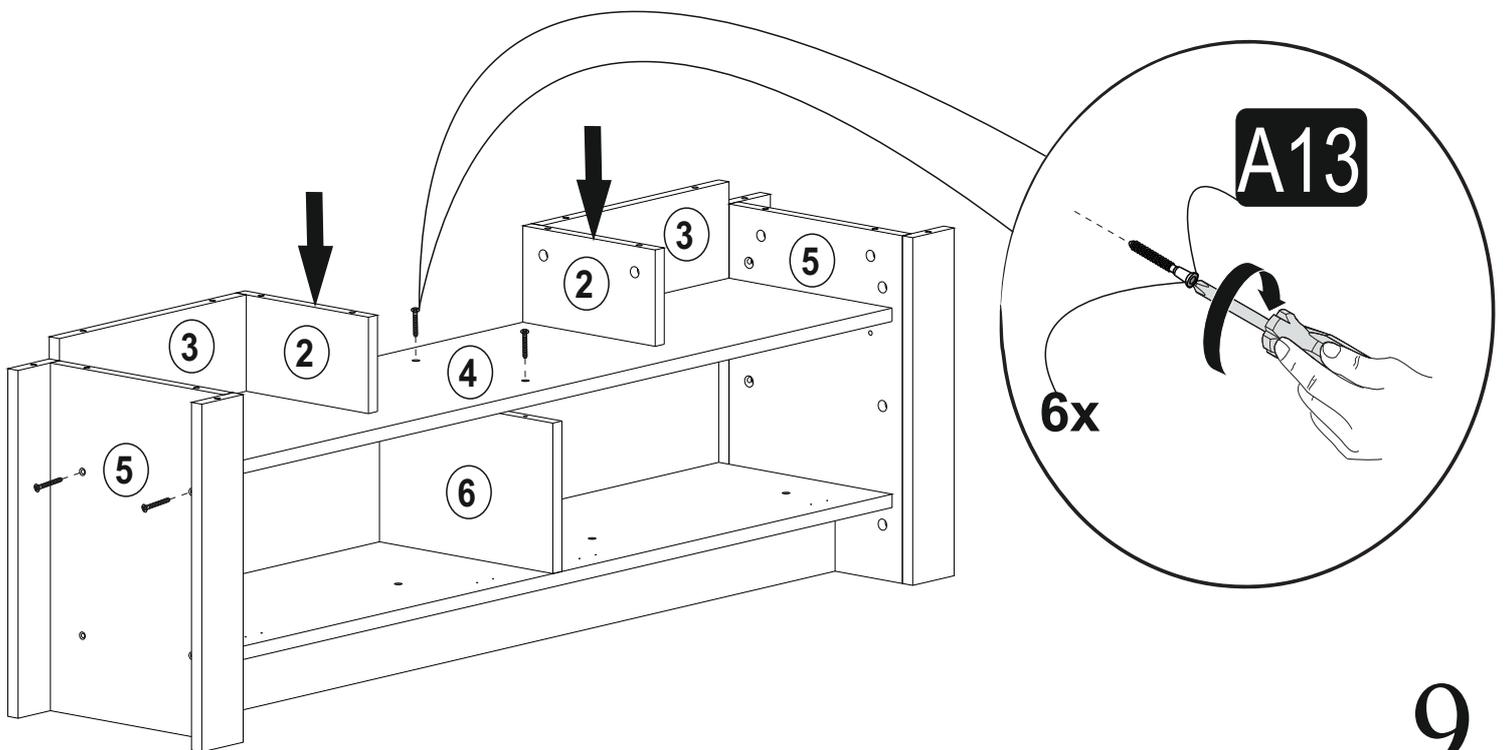

7 step g

- *Please attach **the parts we installed in step b** to the piece #9 as shown below
- *Now screw the A13 (50 mm screw) clockwise direction with the help of screwdriver.

8 step h

- *Please attach **the part we installed in step d** onto the piece #6 as shown below
- *Now screw the A13 (50 mm screw) clockwise direction with the help of screwdriver.

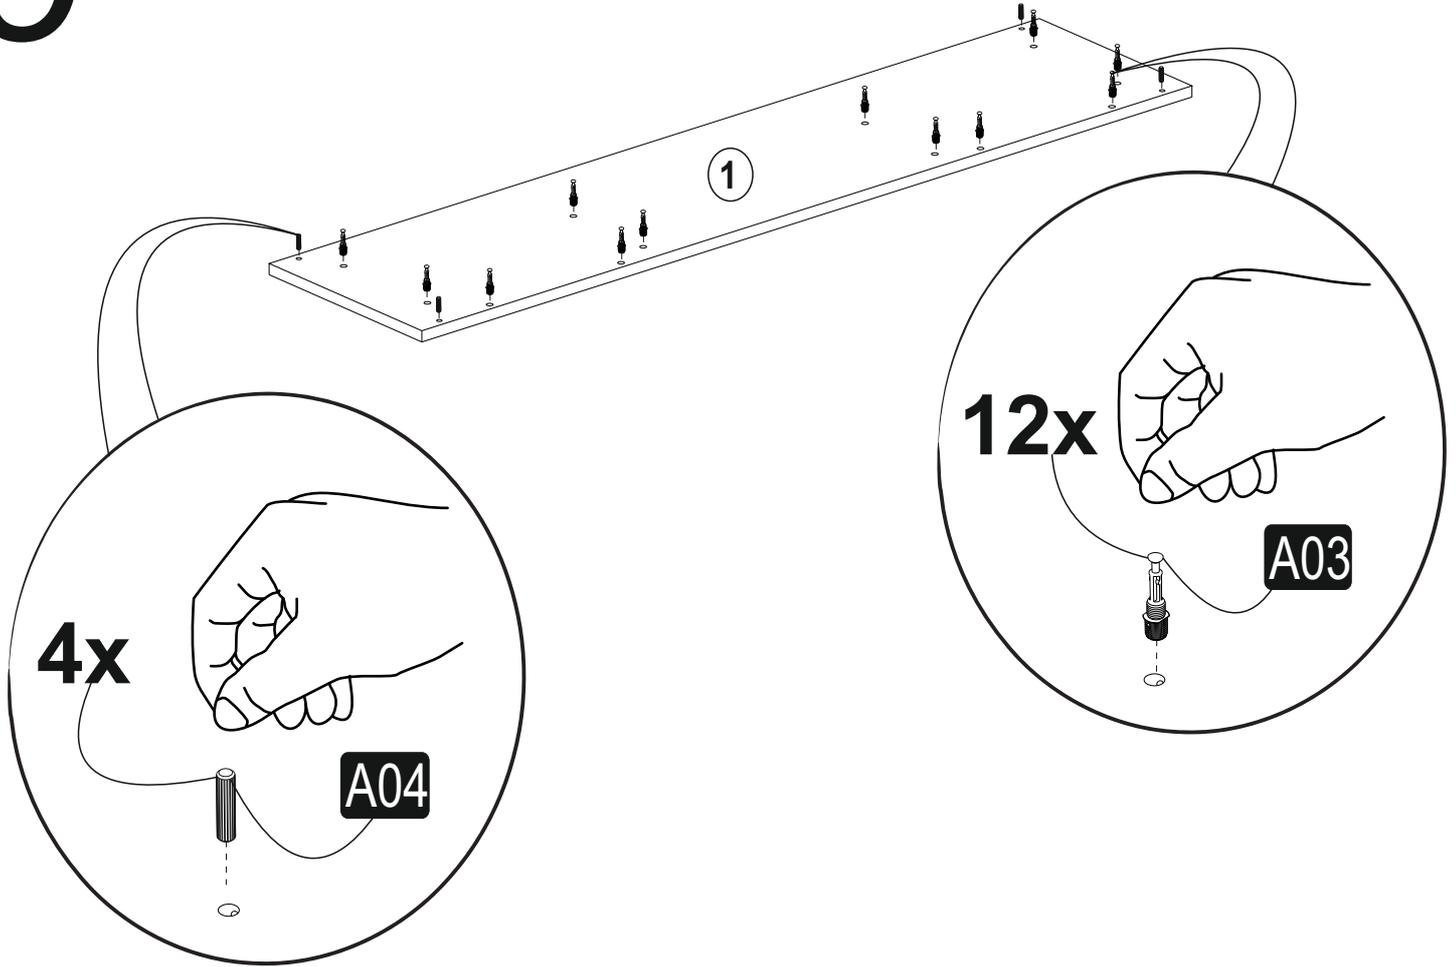

9

step i

*Please insert A03 (minifix screw) into the holes on the piece #1 as shown below

*Please insert A04 (dowel) into the holes on the piece #1 as shown below

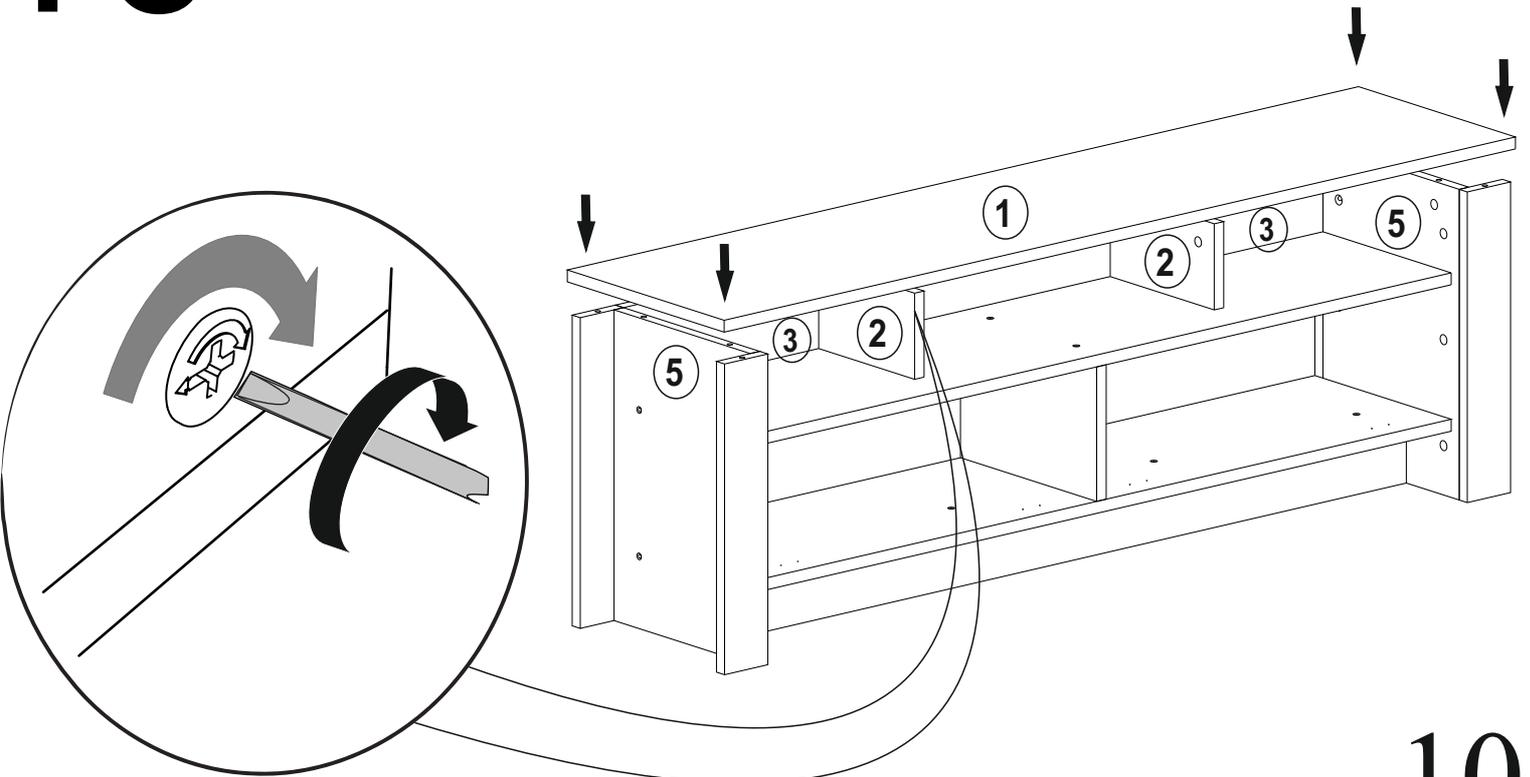

10

step j

*Please attach the piece #1 onto the pieces #2,#3 and #5 as shown below

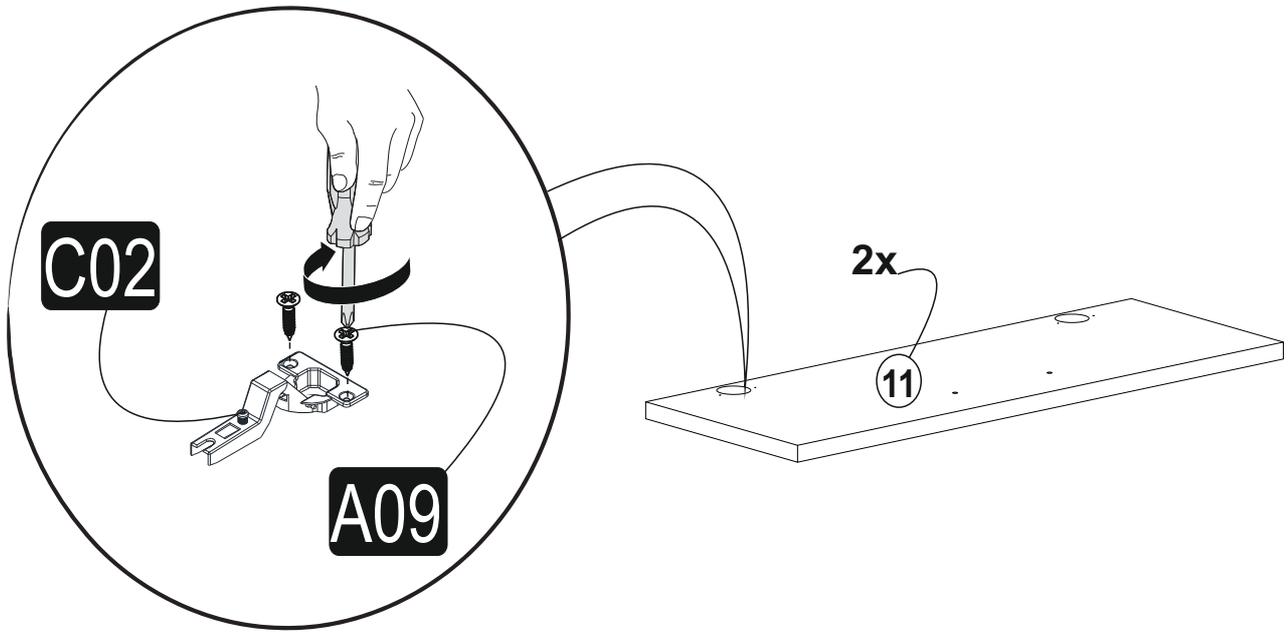

*Now screw the A02 (minifix head) clockwise direction with the help of screwdriver.

10

11 step k

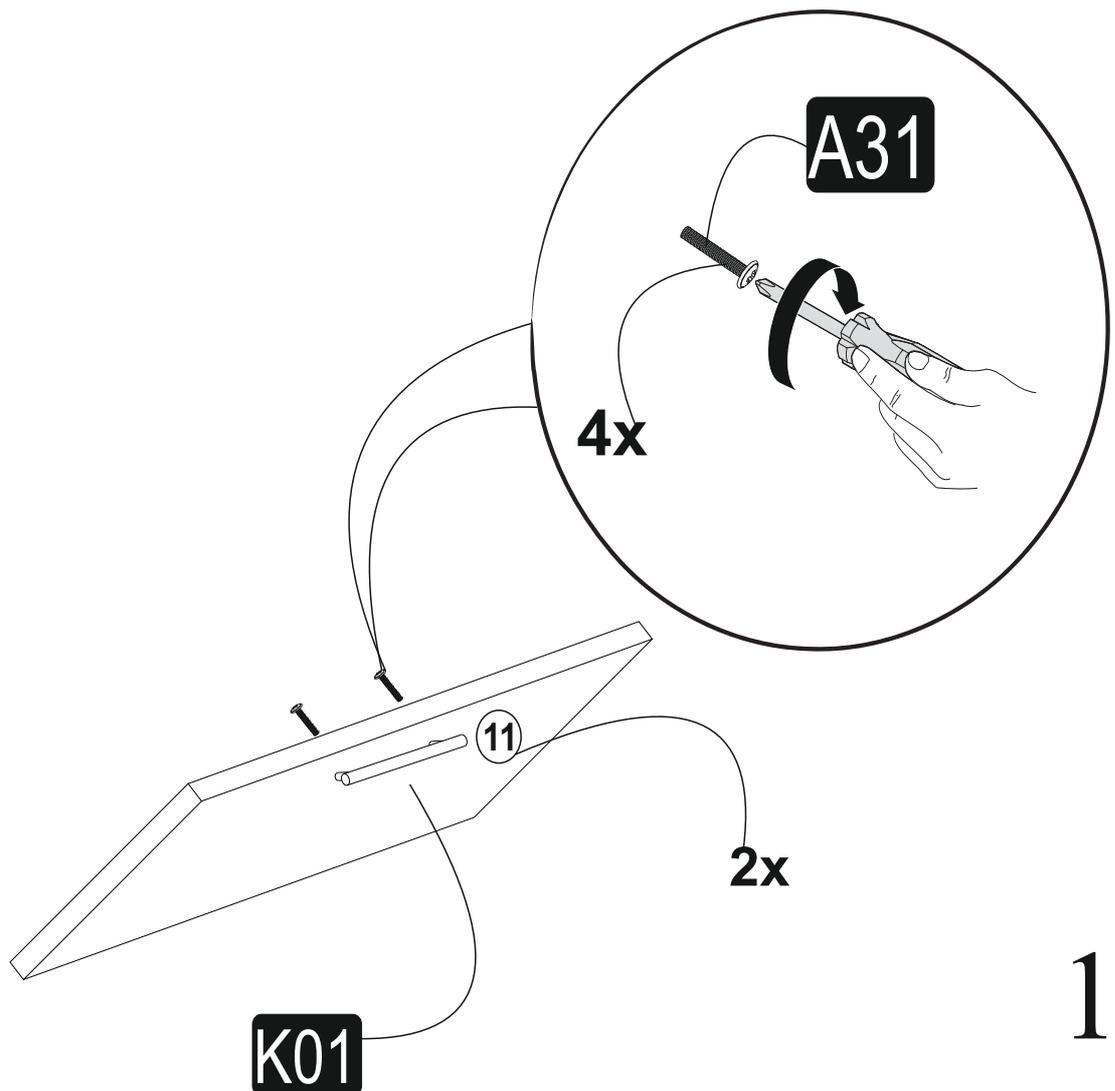

*Please put all C02 (bracelets) into the big holes on piece #11 the way they will fit the pre-drilled holes
*Now take A09 (3.5x18 screw) and put them on pre-drilled holes then turn them all with screwdriver

12 step l

*Please put A31(M4x22 handle screw) into the holes on the pieces #11 as shown below then attach the K01 (128 mm handle)

*Now turn A31(M4x22 handle screw) clockwise direction with the help of screwdriver.

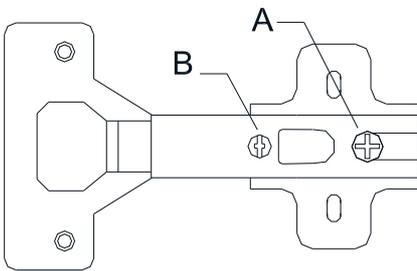

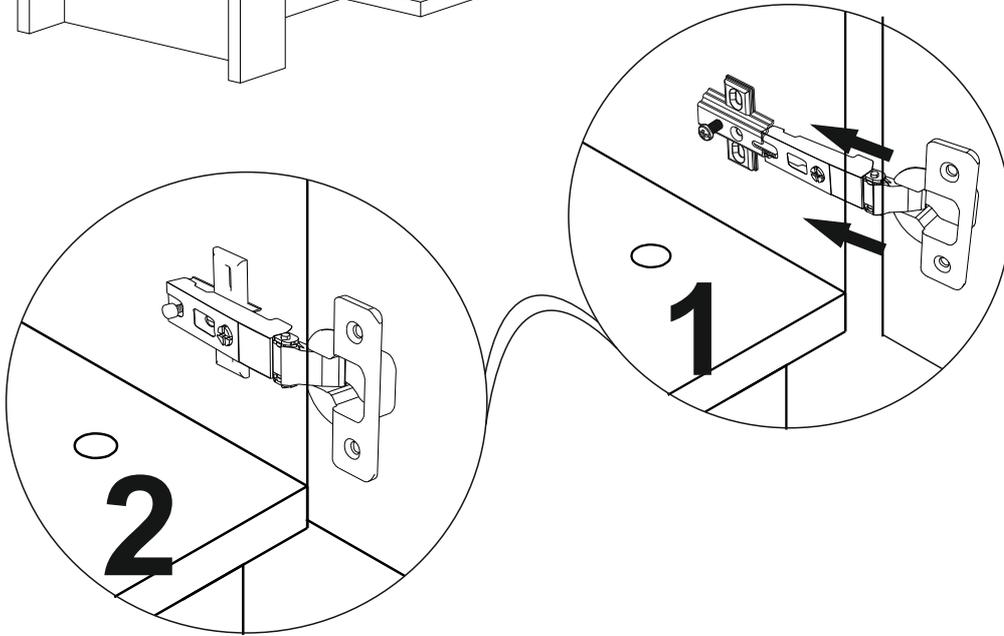

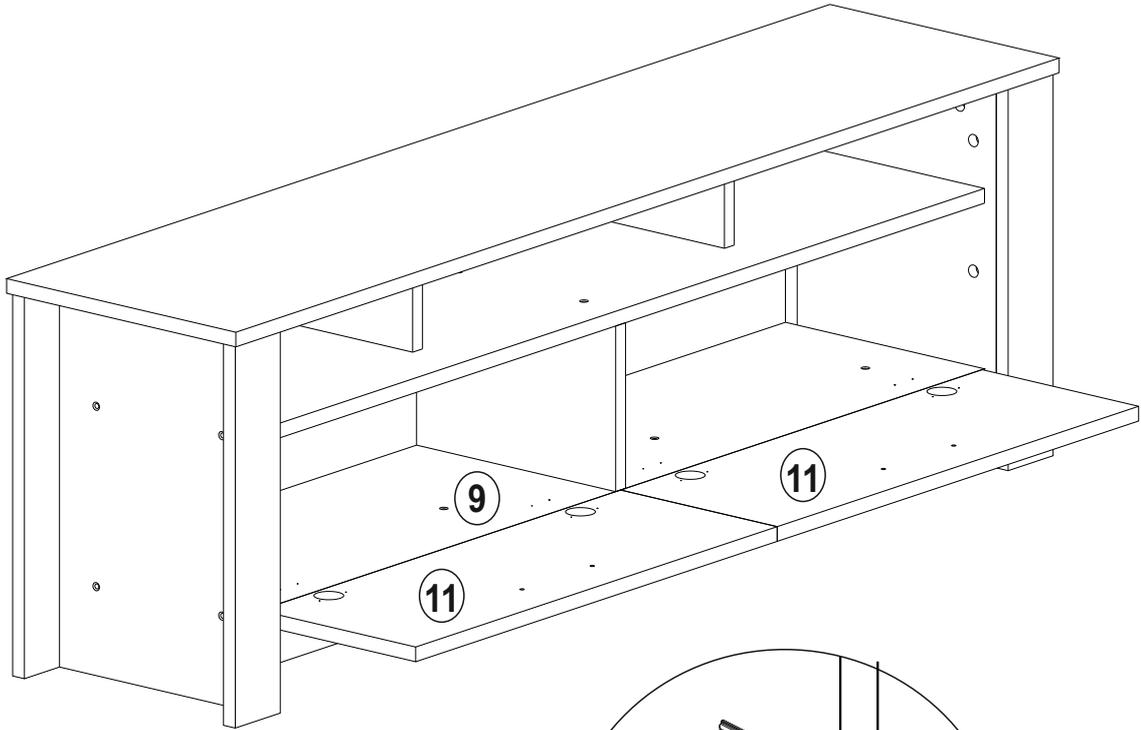

step m

13

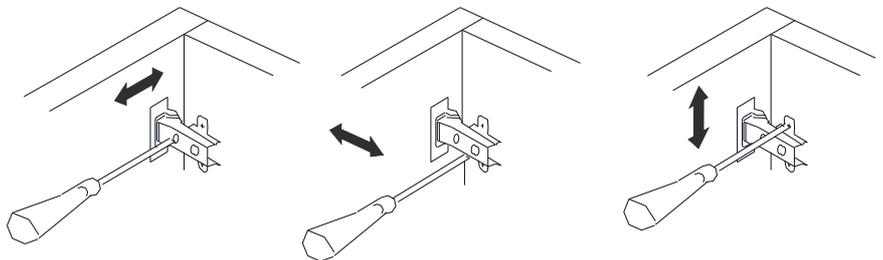

*Please connect C04(pivot) and C02 (bracelet) as shown in figure

*Turn the screw A

*You can make some adjustment with screw B for better opening and closing of door

A= menteşe bağlama vidası / to connect the hinge to the door
B = kapak ayar vidası / to arrange the door

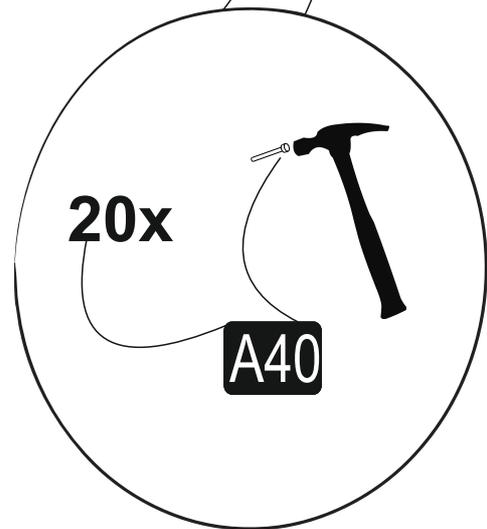

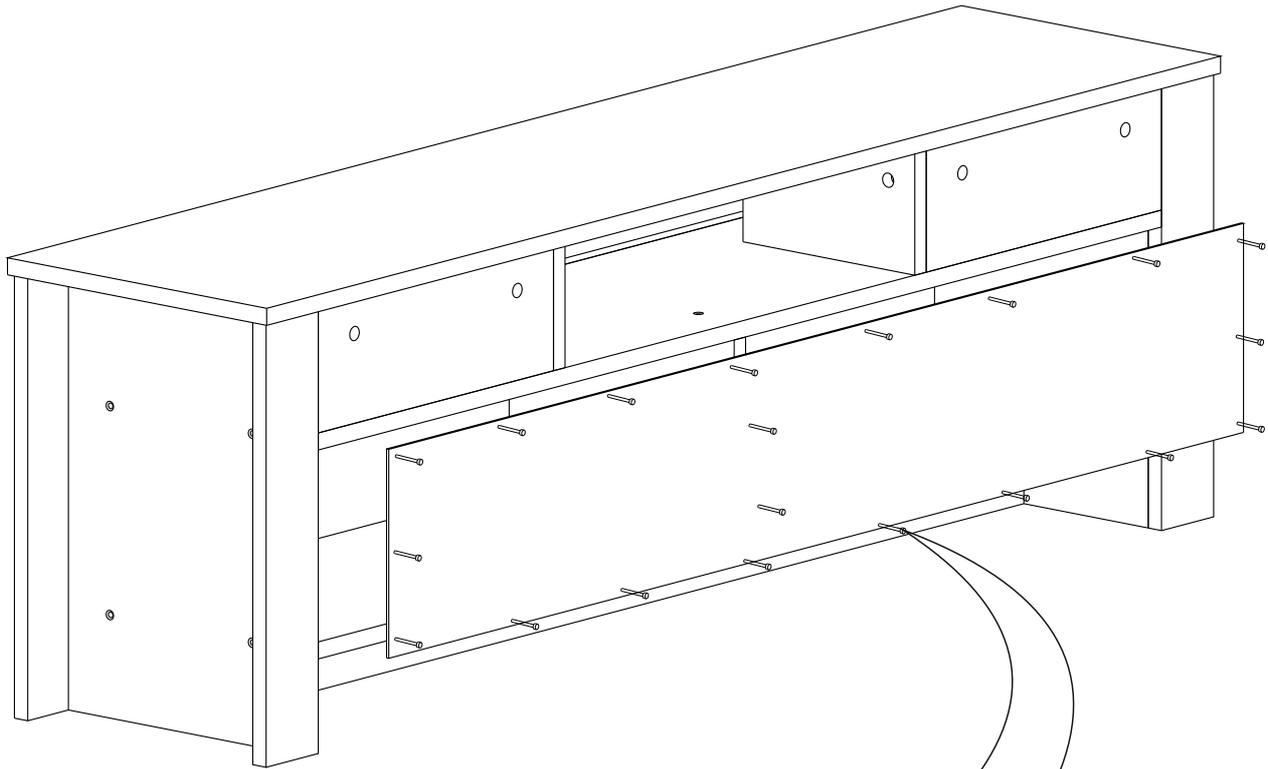

oklar kapağın ayarlama yönünü gösterir.
arrows to show the directions for arrangement of doors.

14

step n

*Please take the panel and nail down with the help of a hammer

*For the best result use all nails given in the hardware pack

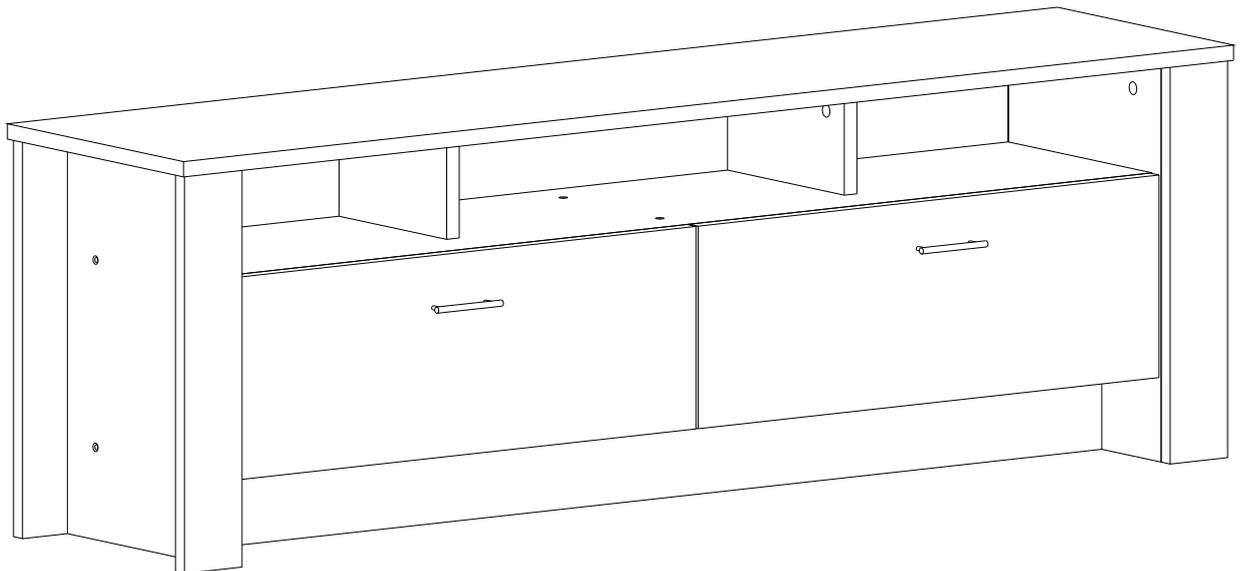

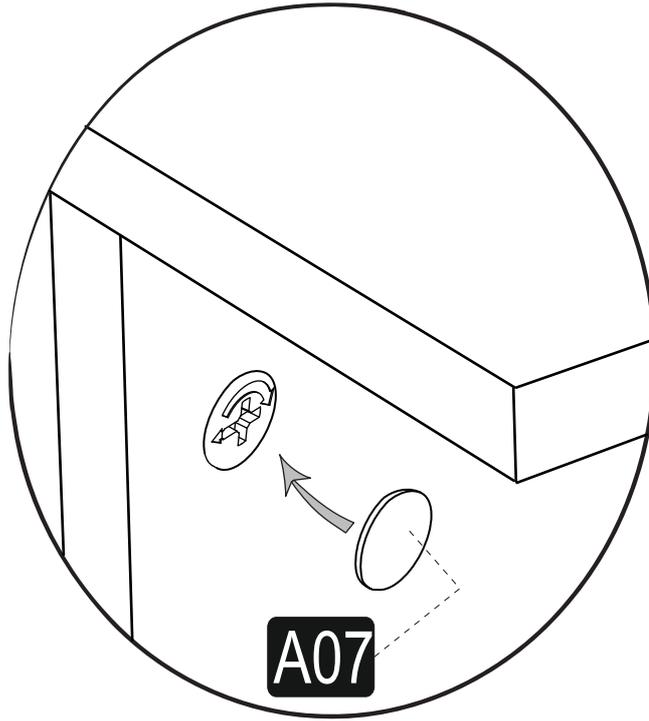

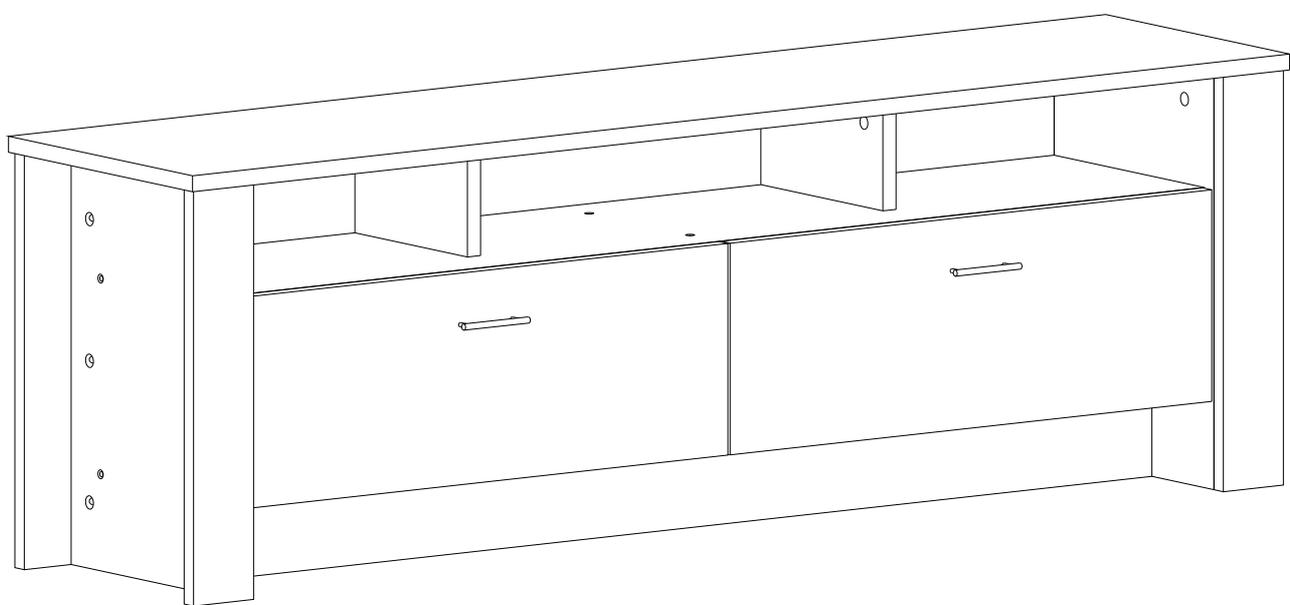

Please do not neglect installing the back panel of the tv stand. Installing the back panel will both make your tv stand sturdier and look better.

15

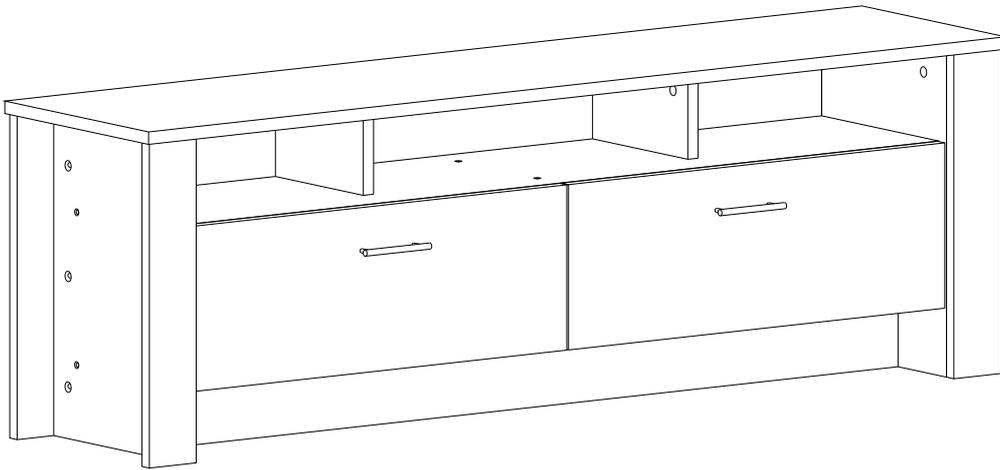

step o

*For the best appearance of your furniture please place all A07(18 mm sticker) onto the A13 (50 mm screw) and A02(minifix head).

final look

Enjoy your Decorotika product!
