

Milo U / Milo U Premium

Corner sofa with sleeping function

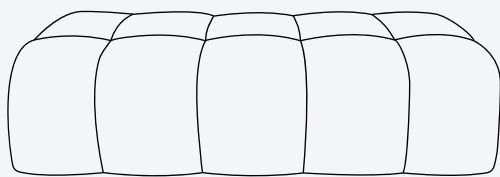

Storage opening mechanism – DL system

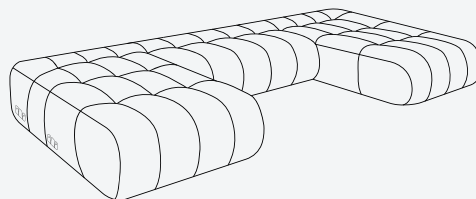

Step 1

Place the seat on a flat surface.

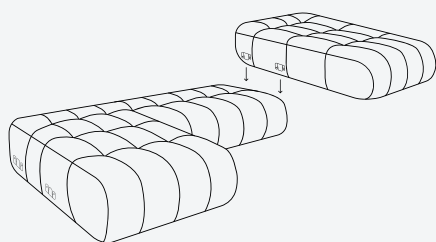

Step 2

Move both ottomans (left and right) next to the seat in the desired orientation.

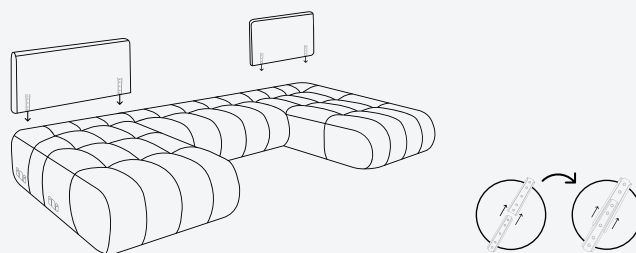

Step 3

Locate the connectors on the seat and both ottomans, then slide the ottomans into the seat one by one.

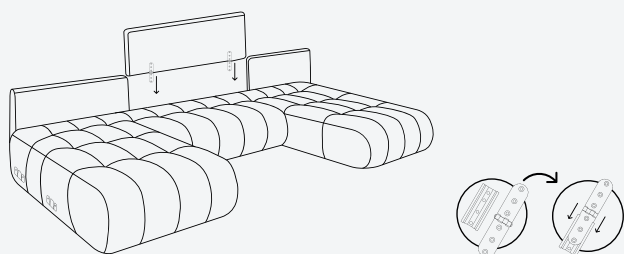

Step 4

Prepare the backrests for both ottomans, then slide them into the guides until fully secured.

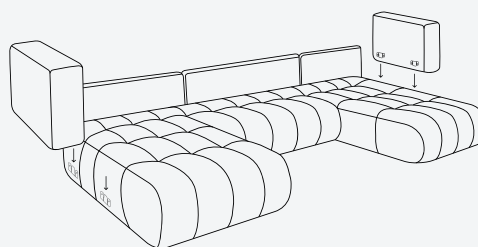

Step 5

For the seat (slide-in connection): prepare the backrest and insert it into the guides until fully secured.

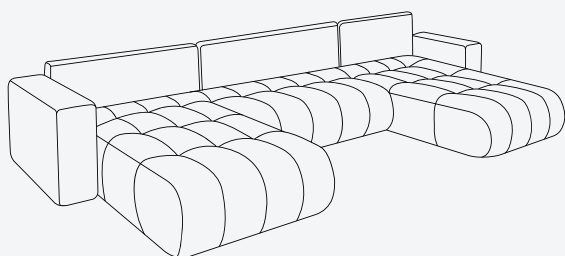

Step 6

Attach the side panels to the ottomans (left and right) by sliding them into the guides until fully secured.

Step 7

After installing the side panels, arrange the cushions and give the corner sofa its final look.

Step 8

Final view of the set – the corner sofa is ready for use.
