assembly guide

introduction

Valued Customer,

We design and carefully manufacture our products for our customers. We wish that our customers to have fun while they are doing their new furniture

The product you just purchased was subjected to all sorts of tests and controls before sending out to you.

Hope you enjoy your new furniture!!!

Before starting, please check all components and accessories according to the provided list. If you purchased more than one product, to prevent confusion, be sure that you completed the first product, then start the next one. Please make sure that you select correct numbered part and use specific connector to assemble. We do not recommend any modification or rotation in assembly. Please follow the manual carefully.

Furniture parts are going to several manufacturing procedures. During this process, parts can have little dust or marks. Please clean the parts with dump cloth before assembly to get the best result. Usual cleaning would be suffice.

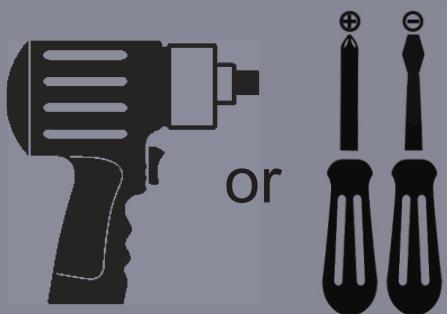

Although all products are carefully manufactured and packed, sometimes we experience damage during transportation. In such cases, please check the damaged part, note the part number written on the part and do not hesitate to contact us
