

IMPORTANT
TURN OFF THE POWER AT THE MAIN FUSE
OR CIRCUIT BREAKER BOX
BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before assembly. Bulb not included.

1. Before proceeding below instructions follow enclosed installation instructions for electrical and fixture installation onto ceiling.
2. Remove counter ring and spacer tube from socket. Set them aside.
3. Install glass shade onto fitter and lock into position by installing the spacer tube and counter ring back onto the socket.
4. Install light bulb (not installed). See relamping label at socket area for type and maximum allowed wattage.
