

	<b>Austauschbarkeit „Endkunde“ JA</b>
<b>Separates Betriebsgerät</b>	 The diagram illustrates a separate operating device. It shows a small rectangular component on the left and a larger rectangular component on the right. A double-headed arrow connects them, indicating interchangeability. A green checkmark is positioned above the arrow. A small circular icon with 'LED' is visible on the larger component.
<b>Lichtquelle</b>	 The diagram shows two light sources. On the left is a circular LED symbol with radiating lines. On the right is a square LED symbol with radiating lines. A double-headed arrow connects them, indicating interchangeability. A green checkmark is positioned above the arrow.
