STEP1

The diagram illustrates the first step of assembly. A circular base plate, labeled 'A', is shown at the bottom. It has a central hub with four spokes extending outwards. Two of these spokes are labeled 'B'. The base plate is being attached to a larger, rectangular frame structure. A circular inset provides a magnified view of the attachment point. In this inset, the base plate's hub is being secured to the frame's leg. Several screws, labeled 'D', are shown being driven into the hub. The frame's leg is labeled 'F'. The inset also shows the base plate's rim, labeled 'H'. The entire assembly is shown in a perspective view, with the base plate and frame legs clearly visible.
