## Unfolding the Stroller

1. Unlock the side latch.
2. Stand on either side of the stroller, push smoothly outward to unfold the stroller.
3. Press down inside the middle of the stroller until you hear a click and the stroller is fully extended.

## Installing & Removing the Front Wheels

1. Insert the front wheels into the front wheel housing until you hear a click. After attaching the front wheels, pull down on each wheel to confirm that they are securely locked.
2. To remove the front wheels, press the release button and detach the wheel from the leg.

## Installing the Rear Wheels and Brake Set

1. Insert the wheel axle into the brake assembly. Pull the wheels to confirm that it is secure.
2. Insert the brake set into the rear wheel housing until you hear a click.
3. To remove the brake set, press the release button on each side of the bar and detach the brake set.
4. To release the rear wheels, press the release button in the center of the wheel and pull the wheel out.

## How to...

### Use the Parking Brake

1. Step down gently on the parking brake pedal to lock. To test and ensure the brake is engaged, try to push the stroller forward.
2. Lift the parking brake pedal upwards with your foot to release it.

### Adjust the Handlebar Height

1. Press the adjustable handle button on both sides simultaneously.
2. While the buttons are pressed, position the handle up or down to desired height.

### Use the Pet Ramps

1. Engage the parking brake and completely unzip the front or rear wall.
2. Lower the ramp onto the ground. Rear ramp shown in figure 3.

## Store the Mesh Top Window

1. Completely unzip the mesh top window and roll it towards the pocket.
2. Store the mesh top window in the pocket and use the Velcro to secure.

## Fold the Stroller

1. Lift up the flap in the center of the baseboard.
2. Pull the tab up to start folding the stroller.
3. Keep pulling the tab until stroller is completely folded.
4. Secure the side latch to lock the stroller in folded position.

## Remove the Carriage Fabric

1. Underneath the wagon, release the straps by feeding them through the slit in the metal clip.
2. Undo the Velcro straps on all four bottom corners of the frame.
3. Locate the strap at one corner of the wagon and feed it back through the black rings.
4. Pull the strap out through the frame. Repeat this for all top corners.
5. Lift the carriage fabric up to remove it.

## Storing the Pet Stroller

- Do not store in places with high temperature or humidity.
- Store indoors out of direct sunlight.
- Store in a dry place with low humidity.
- Do not store near fire.
- Keep out of reach of children.
- Do not store this product with objects placed on top of it when it is folded. Doing so may cause damage or deformation.

## Cleaning

- Spot clean fabric and air dry.
  - Fabric may fade with sunlight.
- Clean with a damp cloth; avoid abrasives, bleach, and silicone lubricants.
- After rain, wipe and dry completely before storing.
