The diagram illustrates the assembly of a cabinet frame. The main assembly shows a cabinet with four main sections labeled 1 (top), 2 (bottom), 3 (side), and 4 (internal shelf). A separate shelf assembly is shown with parts 150218 (shelf), 175 (screws), 172 (screws), and 101 (screws). A callout shows a corner joint with part 100 (corner bracket).

Assembly steps for step 5:

- 1. Attach the shelf (150218) to the side panel (3) using screws (175 x2).
- 2. Attach the shelf (150218) to the bottom panel (2) using screws (172).
- 3. Attach the shelf (150218) to the top panel (1) using screws (101).
- 4. Attach the shelf (150218) to the side panel (3) using screws (172).
- 5. Attach the shelf (150218) to the bottom panel (2) using screws (101).

This diagram illustrates the assembly of a base plate (9) with various components. The components and their installation steps are as follows:

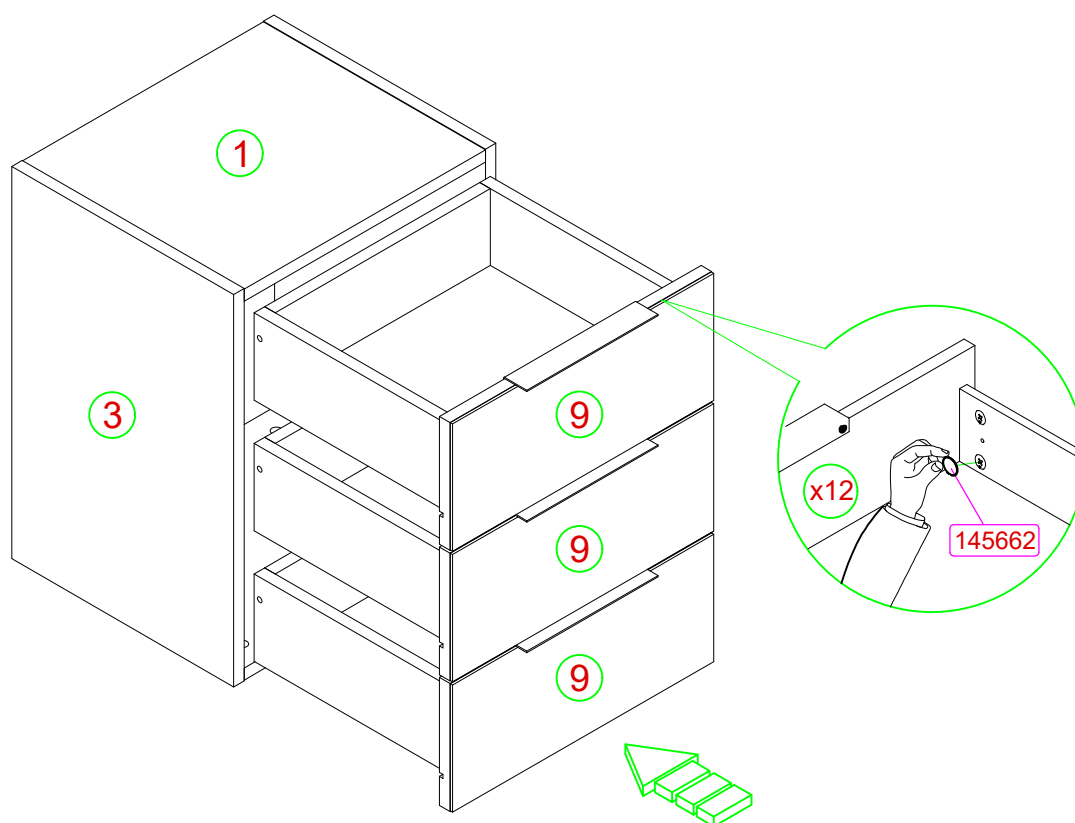

- Component 101:** A small black pin or screw. It is shown being inserted into the base plate (9) in two locations. A circular inset shows a hand using a screwdriver to tighten it.
- Component 100:** A small black pin or screw. It is shown being inserted into the base plate (9) in two locations. A circular inset shows a hand using a screwdriver to tighten it.
- Component 22018:** A small black pin or screw. It is shown being inserted into the base plate (9) in one location. A circular inset shows a hand using a screwdriver to tighten it.
- Component 298177:** A long, thin metal strip. It is shown being inserted into the base plate (9) in one location. A circular inset shows a hand using a screwdriver to tighten it.
- Component 147:** A small black pin or screw. It is shown being inserted into the base plate (9) in one location. A circular inset shows a hand using a screwdriver to tighten it.
- Component 4997:** A small black pin or screw. It is shown being inserted into the base plate (9) in two locations. A circular inset shows a hand using a screwdriver to tighten it.
- Component 5:** A small black pin or screw. It is shown being inserted into the base plate (9) in one location. A circular inset shows a hand using a screwdriver to tighten it.

The base plate (9) is a long, thin metal strip with a central slot. The components are installed along the length of the plate, with some components (101, 100, 22018, 147, 4997, 5) being inserted into pre-drilled holes and others (298177) being inserted into a slot.
