## WARNING

During installation, the installation manual which is supplied with the product must also be consulted.

Correct mounting is essential. Fixing materials supplied are only intended for mounting on walls made of solid wood, brick, concrete or on solid wood pillars, with a maximum 3 mm wall finish. For walls made of other materials, e.g. hollow block, consult your installer and/or specialist supplier.

The installer must make an assessment of the strength of the construction upon which the supports will be mounted and of the expected loading of the supports. The installer also must take into consideration local building laws and regulations, and is responsible for ensuring that they are complied with. The installer

always has the ultimate responsibility for correct installation, assessment of the underlying construction and for the materials to be used for the mounting.

Manufacturer is never responsible for direct, indirect or consequential damages which arise due to incorrect and/or inexpert mounting, mounting on constructions which are not strong enough, modifications, use other than prescribed, overloading, not working in accordance with the instructions for use.

DE

## WARNUNG

Bei der Installationsanleitung für das Produkt selbst zu beachten.

Es ist wichtig, die Montage korrekt durchzuführen. Die mitgelieferten Befestigungsmaterialien sind ausschließlich für die Anbringung an Massivholzwänden, Backstein, Beton oder Massivholzpfählen, mit einer Wandverkleidung von höchstens 3 mm gedacht. Ziehen Sie bei anderen Materialien, z. B. Hohlbaustein, Ihren Installateur oder einen anderen Fachmann zu Rate. Der Installateur muss vor Ort die Belastbarkeit der baulichen Konstruktion, an der die Halterungen montiert werden, sowie die zu erwartenden Belastungen beurteilen. Er ist weiterhin für die Einhaltung der vor Ort geltenden Gesetze und Vorschriften verantwortlich.

Die Endverantwortlichkeit für die ordnungsgemäße Montage, die Beurteilung der baulichen Konstruktion und der zu verwendenden Befestigungsmittel liegt in jedem Fall beim Installateur.

Hersteller ist in keinem Fall verantwortlich für unmittelbare oder mittelbare Schäden bzw. Folgeschäden, die infolge einer fehlerhaften und/oder unsachgemäßen Montage, einer Montage an Konstruktionen mit unzureichender Belastbarkeit, infolge von Modifikationen, vorschriftswidriger Verwendung, Überlastung, Nichtbeachtung der Betriebsanleitung,

## WAARSCHUWING

Bij de montage dienen ook de installatiehandleiding met het product zelf in acht genomen te worden.

Correcte montage is van essentieel belang. Bijgeleverde bevestigingsmaterialen zijn uitsluitend bestemd voor montage aan wanden van massief hout, baksteen, beton of aan massief houten pilaren met maximaal 3 mm wandafwerking.

Voor wanden van andere materialen, bijvoorbeeld holle bouwsteen, raadpleeg uw installateur en/of vakhandelaar. De installateur dient ter plaatse de sterkte van bouwkundige constructie waaraan de steunen worden gemonteerd te beoordelen evenals de te verwachten belastingen en ter plaatse geldende wet- en regelgeving en is verantwoordelijk voor een juiste naleving hiervan. De endverantwoordelijkheid voor correcte montage, beoordeling van de bouwkundige constructie, en de te gebruiken bevestigingsmiddelen, ligt altijd bij de installateur.

Fabrikant is nooit verantwoordelijk voor directe, indirekte of gevolgschade als gevolg van foutieve en/of ondeskundige montage, montage aan onvoldoende sterke constructies, modificaties, gebruik anders dan voorgeschreven, overbelasting, niet werken volgens de gebruiksaanwijzing.

FR

## AVERTISSEMENT

Lors du montage, les prescriptions installation Manuel de le produit doivent également être observées.

Un montage correct est primordial. Le matériel de fixation fourni est exclusivement destiné à un montage sur des murs en bois massif, en briques, en béton ou sur des colonnes de bois massif, avec finition murale de maximum 3 mm. Pour les murs en autres matériaux, par exemple en brique creuse, veuillez consulter votre installateur et/ou votre revendeur. Il doit également évaluer les charges prévues et est responsable du respect de la législation et de la réglementation locale en vigueur. Si cela s'avère nécessaire, l'installateur doit faire usage de matériaux de fixation adaptés ou consolider la construction. La responsabilité finale de l'adéquation du montage, de l'évaluation de la construction et des moyens de fixation à utiliser incombe à l'installateur.

Producteur n'est jamais responsable des dommages directs ou indirects résultant d'un montage incorrect et/ou mal réalisé, d'un montage sur des constructions trop peu solides, d'une utilisation à des fins autres que celles prescrites, d'une surcharge, d'une utilisation non conforme au mode d'emploi.

## UPOZORENJE

Tijekom montaže, upute navedene u uputstvu za montažu koje se isporučuje s proizvodom moraju biti poštovane.

Ispravna montaža je neophodna. Okov za fiksiranje na zid isporučuje se samo za ugradnju na zidove izrađene od masivnog drveta, opeke, betona; s debljinom finiša od najviše 3 mm.

Za zidove izrađene od drugih materijala, npr. šupljii blok, rigips, obratite se svom dobavljaču i/ili profesionalcu za montažu.

Instalater mora izvršiti procjenu čvrstoće konstrukcije na kojoj će nosači biti postavljani, kao i očekivanu nosivost nosača. Instalater također mora uzeti u obzir lokalne građevinske zakone i propise, te je odgovoran za osiguranje ugradnje prema lokalnim zakonima i propisima.

Instalater uvijek ima punu odgovornost za ispravnu montažu proizvoda, procjenu konstrukcije na koju montira proizvod, te procjenu prikladnosti nosača i drugog materijala koristog za montažu.

Proizvođač nikada nije odgovoran za izravne,

neizravne ili naknadne štete koje nastaju zbog

pogrešne i/ili nestručne ugradnje, ugradnje na

zidne ili druge konstrukcije koje nisu dovoljno

jake, modifikacije, koristenje proizvoda drugačije

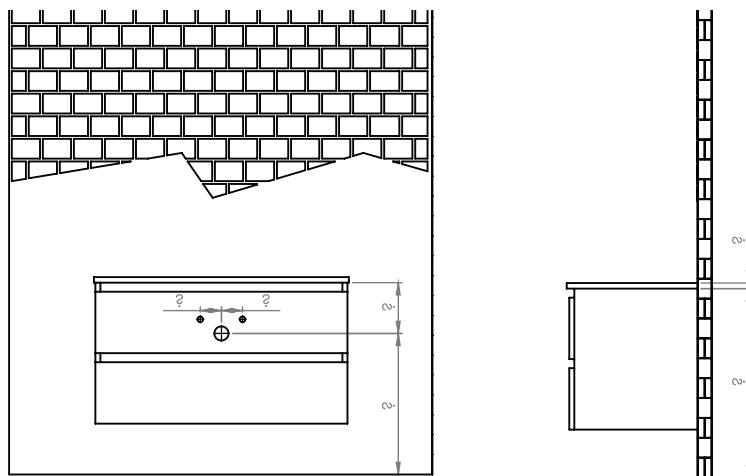

od predviđenog, preopterećenje, nepostupanje u

skladu s uputstvom za montažu.
