	①	②	③
Required	X1	X1	X1

### IMPORTANT TURN OFF THE POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before assembly. Bulbs not included.

1. Install mounting plate (see fig. 1):  
A. Take supply wires from wall and carefully pass them through center hole of mounting plate. Note: The flat surface of mounting plate must face the outlet box and the angled rim side facing toward you.  
B. Install mounting plate onto the wall using 4 screws supplied.
2. Connect electrical wires (see fig. 1): follow enclosed supplement installation instruction connection.
3. Install fixture plate. While carefully tucking all electrical wires inside of fixture plate, install the fixture plate onto the mounting plate by fastening with set screw. Use provided hex key to tighten.
4. Install finial by screwing on top of fixture.
5. A. Install candle tube by slipping through sockets.  
B. Install candle bulb E14, 60 Watt maximum bulbs (not included).
6. Hang all crystal glass parts as shown on drawing.
