Polsterkissen bestehen aus Polyätherflocken, einem luftigen Material. Beim Verpacken der Polsterkissen kann es deshalb passieren, dass sie etwas zusammen gedrückt werden und die Polster deshalb für die Möbel zu klein erscheinen. Nach einigen Tagen im Gebrauch erreichen sie ihre richtige Größe wieder. Die Polsterkissen können aber auch zurecht geklopft werden.

The pillows are filled with polyether flakes, a fluffy material. Due they are pressed when packing, they may seem too small when unpacking firstly. After a few days the material will unfold and come to it's true size. To rush this process, you can shake up the pillows.
