

Herringbone

Reference:	Herringbone Oak Brushed natural oiled
Construction:	multi -layer parquet 1-strip cottage plank Loc&Fold system 1 mm bevel 4-sides
According standard	EN 14342:2013
Species: Grade: Surface: Finish:	European Oak CDD Brushed Natural oiled
Length: Width: Wear layer: Thickness:	610 mm 125 mm approx. 3.0mm 14 mm
Hardness (Brinell):	approx. 38 N/mm ²
Moisture content:	7 % (± 2)
Fire resistance class (EN13501):	Dfl – s1 (normally inflammable) according to EN14342:2005+A1:2008
Heat transmission resistance:	approx. 0,16 m ² K/W suitable for floor heating-system max. 26° C temperature on screed surface
Quantity per pack: Quantity per pallet:	6 layers / pack = 0.915m ² No nested layers 84 packs / pallet =76.86 m ²
Emission of formaldehyde	class E1 (<0,1 ppm)
Surface treatment:	oxidative curing oil grammage approx. 25 g./m ²
Several renovations of the wear layer are possible
