

Step 1: Unpack the outer carton and take out the accessories box(as shown in Figure 1 and Figure 2)

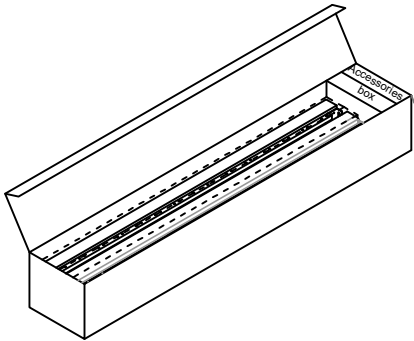

Figure 1

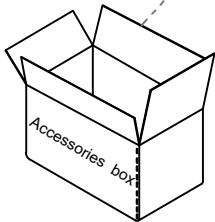

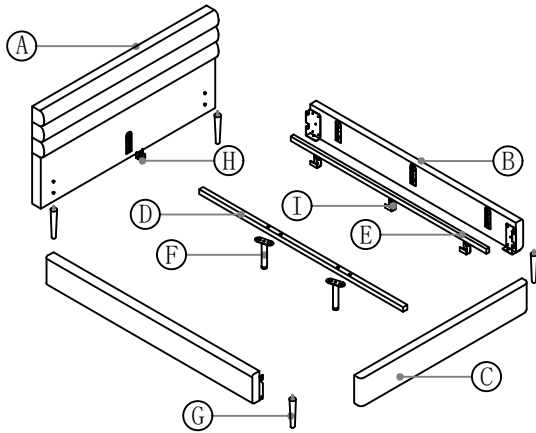

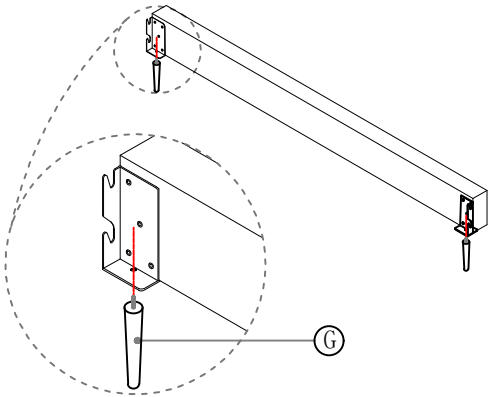

Figure 2

Step 2: Unpack and check the parts list

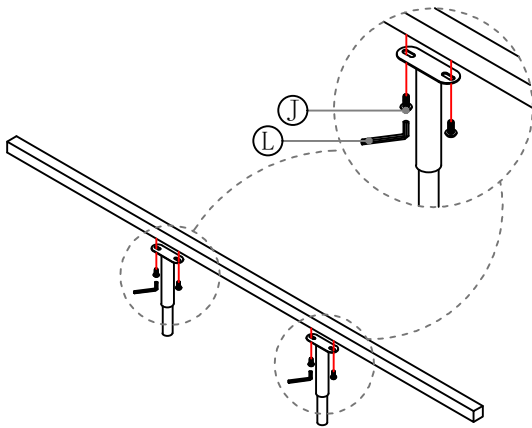

Step 3: Assemble the headboard & footboard & the legs (as shown in the Figure)

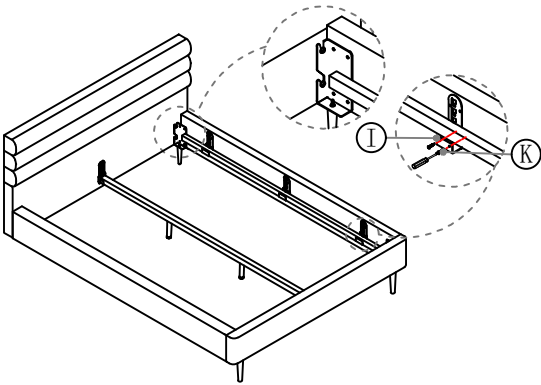

Tips: Install the bed legs by aligning the leg screws with the bottom holes of the hanging parts at both ends of the bed-sides, and then tighten them firmly

Step 4: Assemble the cross support and middle support legs (as shown in the Figure)

Tips: Install the middle legs by aligning the screws with the holes at the bottom of the cross support, and tighten them firmly

Step 5: Install the bed frame, the sideboard, the cross support (as shown in the Figure)

Tips: Attach the hooks to the long brackets on the headboard, footboard, and bed-sides. Place the cross support and side support, then tighten the side support with screws securely.
