You are advised to check that the seat purchase is compatible with your car at the time of purchase.

EN Vehicle Fitting Information

This child restraint with base is approved to UN Regulation No.129. It is suitable to fix into seat positions in most cars. The numbers on the diagram below correspond with the vehicle fitting positions listed in the following pages.

Seat positions in other cars may also be suitable to accept the child restraint. If in doubt, consult either the child restraint manufacturer or the retailer.

ALWAYS give priority to the rear seats of your vehicle.

Don't use it on front seat with active airbag when installed in rear facing mode.

If your child restraint can be fitted, it is marked with •

If your child restraint cannot be fitted, it is marked with x

If your vehicle is not listed in this manual or it is not marked with either a • or x then please refer to your vehicle's handbook or contact the manufacturer for further information.

This fitting-list was carefully prepared using scientific data collected from both vehicle and car seat. No liability is accepted for the accuracy of the list, which is for guidance purposes only.
