

The diagram illustrates the electrical connection for a lighting fixture. At the top, a warning triangle is shown. Below it, a hand is shown plugging a power cord into a wall outlet. The next step shows a hand connecting the power cord's wires to a terminal block. A detailed view of the fixture's internal wiring is shown, with labels G, I, and H. The wiring includes a ground wire (G), a neutral wire (N), and a live wire (L). The fixture is shown with its cover removed, revealing the internal components and the connection points for the power supply.
