

Step 1: ①Unpack the outer carton and take out the Accessories box(as shown in Figure 1 and Figure 2)

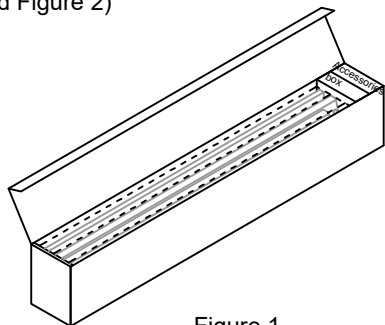

Figure 1

Step 1: ② Unpack the Accessories box and take out the accessories (as shown in Figure 2)
Assemble the bed according to the Figures

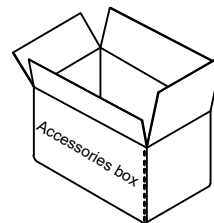

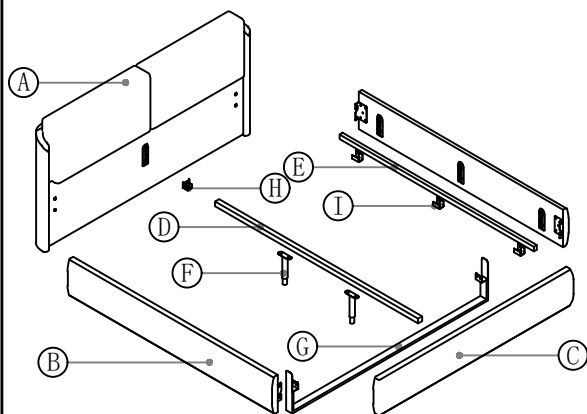

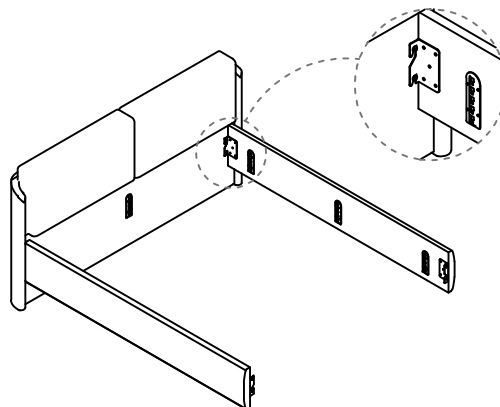

Figure 2

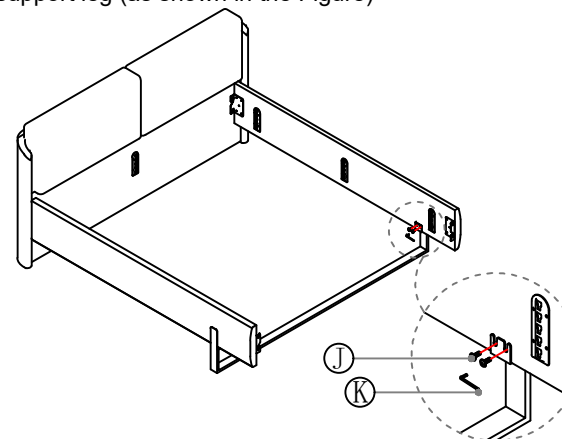

Step 2: Unpack and check the parts list

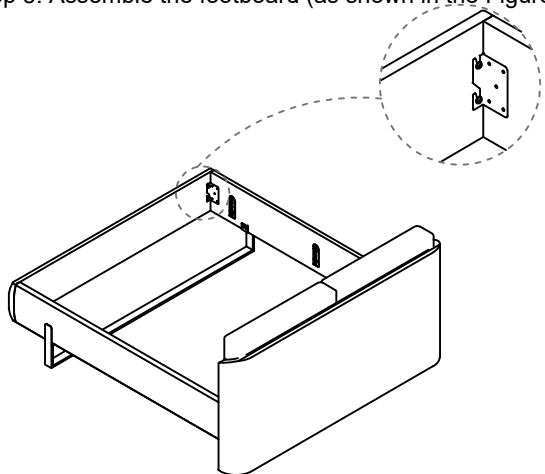

Step 3: Assemble headboard and sideboard (as shown in the Figure)

Step 4: Assemble the bedsides and the integrated support leg (as shown in the Figure)

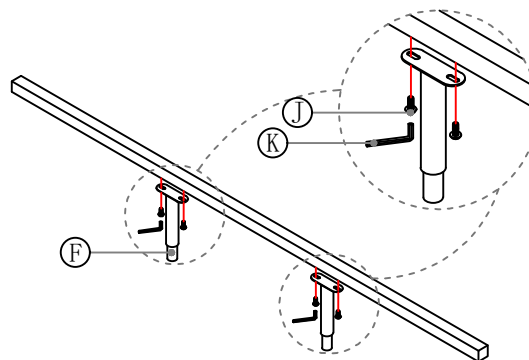

Step 5: Assemble the footboard (as shown in the Figure)

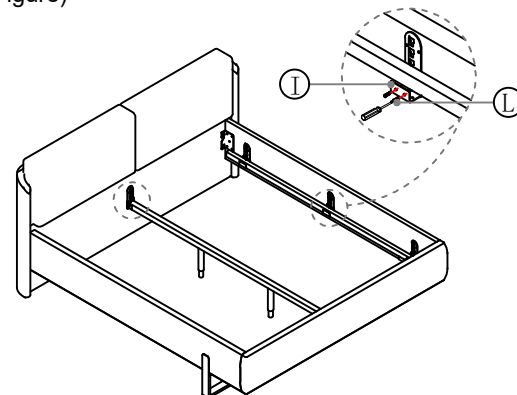

Tips: Attach the footboard to the bedsides by hooking it from top to bottom

Step 6: Assemble the cross support and middle support legs (as shown in the Figure)

Tips: Install the middle legs by aligning the screws with the holes at the bottom of the cross support, and tighten them firmly

Step 7: Assemble the side support (as shown in the Figure)

Tips: Attach the hooks to the long brackets on the headboard, footboard, and bedsides. Place the cross support and side support, then tighten the side support with screws securely
