

Installation Instructions for
Maryville Chandelier

CE

F3240/6, F3242/3 1.0

GENERATION LIGHTING

1. Feed the fixture cord through the column and screw it to the top of the socket assembly.
2. Feed the fixture cord through the hub, then place the hub on top of the column and secure it in place by screwing the fixture loop onto the column.
3. Follow enclosed supplement installation instructions for electrical and fixture installation onto house ceiling.
4. Install the candle tubes by sliding them over the sockets.
5. Screw the lamps into the sockets. Refer to the label on the lamp socket for Max Wattage information.
6. Install the long beads by hooking them to the hub and s-hooks. Then install the short beads by hooking them to the same s-hooks as the long beads and hook the free end of the s-hooks to the fixture arms.
