

MAINS SUPPLY

LIGHT FITTING

LED INFORMATION:

- The Fitting has a 3 stage dimming facility, to change the brightness the fitting should be switched on and off until the desired light level is achieved.
- The LED lamps are not replaceable, when the lamps reach the end of their life the whole luminaire shall be replaced (see next page).

Recycling and disposal of parts at end of life. Follow the steps below to dismantle the luminaire and dispose of the parts in the correct waste stream.
