

TALOS S LUX + TALOS FOLD COT

MADE FOR THE CITY AND NATURE

Make memories that last a lifetime with a stroller that's robust enough to handle the great outdoors, and agile enough to maneuver through city life. The TALOS S LUX is your reliable companion, no matter the climate or time of year. It has childhood covered from the very start with its all-season comfort seat, taking your baby all the way from newborn to explorer. The TALOS S LUX arrives with a complimentary Shell which gives your newborn their own soft cot, an enclosed safe space when used in the ergonomic lie-flat position. In tandem with the extendable, XXL sun canopy, made of UPF50+ fabric, it provides flexible 360° protection against the sun, wind and rain. Once your little explorer grows, they can enjoy the view in comfort, sitting upright well protected in their shell either parent or forward-facing. Off-road suspension on the

front wheels and rear frame absorbs all the shocks to produce the smoothest ride on the bumpiest of surfaces, helped by puncture-proof wheels and their mudguards. Make city trips or nature adventures a breeze with a unique one-pull harness that delivers a snug, body-hugging fit in seconds. It lets you secure your child with one hand and adapts effortlessly, even with extra layers, making getting your child in and out effortless. The TALOS S LUX travel system lets your child discover nature or thrive in city life from the very start. Whether paired with a CYBEX infant car seat for seamless everyday transitions, or as part of a convenient bundle with the TALOS Fold Cot, it creates a cozy and protected space for outdoor adventures from day one.
